

FRACTURE INTERFACES

ARM SLEEVE, HUMERAL AND ULNAR SLEEVES

For interfacing casts or braces, the arm sleeve features full fashioned, seamless knitting with or without thumb in two ply.

Only two sizes, children's and adult are required to fit all patients. The excellent wicking action quickly moves moisture away from the skin to the outer layer of the fabric. The breathability of the fiber provides a drier, softer and more comfortable fit.

Machine wash and tumble dry warm. Sheet fabric softener recommended. (white only)

HAND SLEEVES WITH KNITTED THUMB

CODE	DESCRIPTION
WTK2-SM-10	(8"-10") Royal Hand Sleeves 2 Ply White Small Knitted Thumb
